

## Airhawk A9

2.5" Mobile (Pocket) Hard Drives  
FireWire 800 (1934b), FireWire 400 (1934a) and USB Ports

The AIRHAWK pocket drives deliver exceptional performance and reliability.

Designed and engineered to meet the needs of a demanding mobile data storage market, the AIRHAWK 2.5" external hard drives are compatible with both Windows® and Macintosh® environments.

“These drives are both bus-powered and bootable.”

The new AIRHAWK pocket drives contain a fast, high capacity 2.5" SATA drive mechanism, with up to 800 Mbit/sec transfer speed and multiple interfaces in a stylish case for thermal efficiency and silent operation.

### GROUNDBREAKING DESIGN

The first design of its kind, the AIRHAWK sets a new standard for unprecedented design, quality, versatility and capability that will satisfy the most sophisticated audience. With its distinct touch and crisp angular design, the enclosure has the appearance and feel of a space vehicle because of its re-entrant triangles, corner reflectors and platform alignments. The Airhawk pocket drives can be placed on either side.

Despite its diminutive size and shock-absorbent chamber, the AIRHAWK's wide array of ports ensures maximum compatibility regardless of the type of computer or operating system in use. A combination of ports, FireWire 800 (1394b IEEE), FireWire 400 (1394a IEEE) and High Speed USB 2.0, makes these devices some of the most versatile drives on the market.

### WIDE RANGE OF APPLICATIONS

Operating with Mac OS, Linux® and Windows®, this external drive offers storage capacities ranging from 500GB to 750GB as well as “plug-and-play” capability with hard drive speeds of up to 7,200rpm. This allows users to quickly back up or archive valuable data, large video files and digital photo collections. The bootable feature allows the user to boot, access and operate all programs and data via any other computer under the same OS environment.

## 2.5" Mobile (Pocket) Hard Drives

FireWire 800 (1934b), FireWire 400 (1934a) and USB Ports

### SPECIAL FEATURES:

Pocket size external storage drive

Incorporates SATA Hard Drive

Contains USB 2.0, FireWire 400 (1394a) and FireWire 800 (1394b) connections

FW 1394 bus powered and bootable

Speeds up to 800 Megabytes per second

Enhanced with shock-resistant chamber, despite its small size

Reduces power consumption with hard drive spin-down support

Daisy chain multiple FireWire devices as storage needs grow

Automatic configuration (pre-formatted for plug and play)

Cross-platform compatibility

Includes all necessary cables, software and carrying case

### PACKAGE CONTENTS:

AIRHAWK A9

FireWire 800 Cable

FireWire 400 Cable

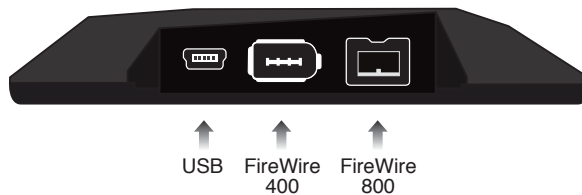

USB Cable

Carrying Case

Quick Installation Guide

### AIRHAWK A9 SPECS

#### Capacity

500GB, 640GB, 750GB

#### Rotational Speed

5400 OR 7200 RPM

#### Dimensions (HxWxD)

~ 5.5 x 3.6 x 0.6 inches (~14 x 9.2 x 1.6 cm)

#### Weight

~ 6.3 ounce (0.17 kilograms)

#### Power Requirement

1394 BUS POWER

#### Interface

USB 2.0 port x 1 up to 480Mbit/s  
FireWire 800 (1394b) x 1 up to 800Mbit/s,  
FireWire 400 (1394a) x 1 up to 400Mbit/s

#### Warranty

2 year limited warranty,  
Unlimited toll-free telephone tech support

### MINIMUM SYSTEM REQUIREMENTS:

#### Mac and PC:

FireWire 800 (1394b IEEE)

FireWire 400 (1394a IEEE)

USB 2.0 (1.1) port(s.)

**Mac:** PowerPC or Intel Core Duo processor

**PC:** 266Mhz or faster Intel or equivalent processor

Recommended Memory: 512MB RAM

#### OS Requirements

**Mac:** PowerPC or Intel processor running Mac OS 9, X, (Snow)

Leopard

**PC:** Microsoft® Windows 2000, Me, XP, Vista, or Windows 7

Capacity Disclaimer: Actual accessible hard drive capacity will indicate up to 10% lower than stated under different Operating Systems and formatting. Therefore, a 500GB capacity drive will show up as a 450GB drive (approximately.)
