## Rocstor Unveils Its Newest Value Line of **Encryption** Products: ROCBIT FXPW Highly Secured by eNova Hardware and Real-Time AES-256 Chipset. The FXPW Is Password Base and High Performance Secure Mobile Storage

Los Angeles, California, U.S.A. – February 11, 2009 – Rocsecure, a division of Rocstor, a leading provider of fast, high-capacity data storage and encryption solutions, announces its new line of ROCBIT FX external hard drives. ROCBIT FXPW pocket drives deliver exceptional security, performance and reliability. Designed and engineered in the USA to meet the needs of the secure mobile data storage market, the ROCBIT FXPW 2.5" external hard drive is compatible with PC based and Windows® environments.

**ROCBIT FX series feature a great price point starting at ~ \$140 for 250GB. Data security is now affordable not only for small businesses, but also for individuals as well,** according to Mr. Asher, Rocsecure Director of Business Development. ROCBIT FX contains one of the most secure encryption modes and is both bus-powered and bootable. The new ROCBIT FXPW is password protected via the Host computer. These secure pocket drives contain a fast, high capacity 2.5" SATA drive mechanism, with up to 480 MB/sec transfer speeds and silent operation.

### Design Technology:

Unprecedented in design, quality and touch, the ROCBIT FX series pocket drives are built to satisfy. The ROCBIT FXPW contains a USB port is PC (Windows®) based and provides access to data via a password on the host computer.

The anti-shock chamber and shock-absorbent casing protect the drive against impact damage, accidental drops and bumps to prolong product life and protect data integrity.

### Wide Range of Applications

Operating under PC and Windows® OS, these external drives offer storage capacities ranging from 160GB to 500GB. In addition to encryption security, this allows users to quickly back up or archive valuable data, large video files and digital photo collections. The bootable feature allows the user to boot, access and operate all programs and data via any other computer under the same OS environments.

### Special Features:

- Pocket size external storage drive
- Incorporates SATA Hard Drive
- USB connections
- Speeds up to 480 Mega Bytes per second
- Enhanced with shock-resistant mechanism, despite its small size
- Includes all necessary cables and software

### Specifications:

**Capacities:** 160GB, 250GB, 320GB and 500GB

**Rotational Speed** available with 5,400 or 7200 rpm

**Interface:** High Speed USB 2.0 (1.1 Compatible)

**Transfer Rates:** Up to 480MB/s

**Dimension:** ~ 5x3x0.6 inches or ~12x7.5x1.6 cm

**Weight:** ~ 6.4 ounce (0.18 kilograms)

### System Requirements

**PC** computers with USB (1.1 or 2.0) using

PC: 266MHz or faster Intel or equivalent processor

**Recommended Memory:** 512MB RAM

**Operating System requirements:**

PC: Microsoft®, Windows®, 2000, Me, XP or Vista

**Power Requirements:** USB Bus Power

**Availability:** **ROCBIT KTPW** will be available in April 2009 in a variety of capacities through our national and International Dealer/Reseller Channel. For more product information, visit
